SMOOTHIE SUCCESS

For best blending, put liquid and easily pureed ingredients in 1st. This base makes it easier for even light-duty blenders to handle ice and other tough ingredients. Taste and adjust as needed. Makes 4 cups.

1 Cup ice or frozen fruit
Nuts/Seeds: chia, peanut butter
Spices: cinnamon, ginger, cocoa

2 Cups fresh fruit

1 Cup yogurt, milk, juice, and/or kefir (at bottom for smooth blending)

Nutrition Tip:
Smoothies are best for people gaining or maintaining weight, physically active, or with chewing challenges. The blender makes digestion and absorption easier.
